26 STERILE SINGLE-USE DEVICES · CDSCO LICENSED

VIREXA
Product Catalogue

Every device here is licensed, tooled, moulded, assembled, sterilised and released by us — under our own brand, or under yours.

LICENCE	RISK CLASS	QUALITY SYSTEM	SHELF LIFE
MFG/MD/2026/000078	Class B India MDR 2017	ISO 13485:2016 ISO 9001:2015	3 years all devices sterile

ALL TWENTY-SIX DEVICES, WITH CODES

The range at a glance.

Every device below sits on manufacturing licence MFG/MD/2026/000078, is Class B under the India MDR 2017, is supplied sterile for single use and carries a three-year shelf life.

Infusion therapy — 11 DEVICES

VP101A	Infusion (Intravenous) Set — Non-Vented
VP101B	Infusion (Intravenous) Set — Vented
VP101C	Premium Based Infusion Set
VP101D	Infusion Set with Three-Way Stopcock
VP101E	Micro Infusion Set with Air Vent
VP101F	0.2 Micron Filter (Non-DEHP) Infusion Set
VP101G	Auto-Stop IV Infusion Set
VP105	Measured Volume Infusion Set
VP106	Elastomeric Infusion Pump
VP107B	Infusion Intravenous Set with Flow Regulator
VP204	Priming Set — Intravenous Infusion

Nephrology and dialysis — 5 DEVICES

VP201	Haemodialysis Blood Tubing Set
VP202	AV (Arteriovenous) Fistula Needle Set
VP203	Transducer Protector
VP205	Peritoneal Dialysis Transfusion Set
VP206	Haemodialysis Catheter Set

Lines and accessories — 4 DEVICES

VP103A	Extension Line
VP103B	Extension Line with Flow Regulator
VP103C	Extension Line with Three-Way Stopcock
VP104	PVC-Free Extension Line

Oncology — 3 DEVICES

VP107A	Chemotherapy Infusion Set
VP108	Chemotherapy Extension Line with Flow Regulator
VP109	Chemotherapy Extension Line Set

Critical care and monitoring — 2 DEVICES

VP102	Pressure Monitoring Line
VP303	Disposable Pressure Transducer Kit

Cardiac surgery — 1 DEVICES

VP301	Cardioplegia Adapters

Infusion therapy

11 DEVICES · CLASS B STERILE

VP101A

IN PRODUCTION

Infusion (Intravenous) Set — Non-Vented

Administration of fluids from a container into the patient's vascular system through a vascular access device.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · PVC drip chamber · ABS non-vented spike, clamp and roller · nylon mesh and PP fluid filter · ABS male luer lock · LDPE cap · PP and stainless needle set · PVC tube
UNIT PACK	On request
BRAND	VIREXA, or your own

VP101B

IN PRODUCTION

Infusion (Intravenous) Set — Vented

Administration of fluids from a container into the patient's vascular system through a vascular access device.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · PVC drip chamber · ABS vented spike, clamp and roller · nylon mesh and PP fluid filter · ABS male luer lock · LDPE cap · PP and stainless needle set · PVC tube
UNIT PACK	On request
BRAND	VIREXA, or your own

INFUSION THERAPY

VP101C

IN PRODUCTION

Premium Based Infusion Set

Intravenous administration of IV fluids into the vascular system through a vascular access device.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · 16 mm PVC drip chamber · ABS vented spike · PVC air vent cap · air filter membrane · ABS and silicone Y-site
UNIT PACK	On request
BRAND	VIREXA, or your own

VP101D

IN PRODUCTION

Infusion Set with Three-Way Stopcock

Infusion of fluids and medications, with directional flow control at the access port.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	As the premium set, with an ABS and PP three-way stopcock
UNIT PACK	On request
BRAND	VIREXA, or your own

VP101E

IN PRODUCTION

Micro Infusion Set with Air Vent

Fine-rate infusion of fluids and medications as part of an infusion system.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · 16 mm PVC drip chamber with 60 drops/ml micro-dropper · ABS vented spike, clamp and roller · PVC air vent cap · air filter membrane · PVC tube · ABS male luer lock
UNIT PACK	On request
BRAND	VIREXA, or your own

VP101F

IN PRODUCTION

0.2 Micron Filter (Non-DEHP) Infusion Set

Filtered intravenous infusion where a DEHP-free fluid path is required.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	As the premium set, with a 0.2-micron ABS and membrane filter
UNIT PACK	On request
BRAND	VIREXA, or your own

VP101G

IN PRODUCTION

Auto-Stop IV Infusion Set

Intravenous administration with an auto-stop drip chamber that closes when the container empties.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP and membrane auto-stop drip chamber with filter · ABS vented drip spike · ABS and silicone Y-site
UNIT PACK	On request
BRAND	VIREXA, or your own

VP105

IN PRODUCTION

Measured Volume Infusion Set

Volume-controlled administration of fluids through a graduated burette.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	Hard burette 100 ml · soft burette 100, 110 and 150 ml
PRINCIPAL MATERIALS	PVC burette · ABS and stainless micronizer · PP kink-resistant tube · silicone floater · ABS hard inlet and outlet caps
UNIT PACK	On request
BRAND	VIREXA, or your own

VP106 IN PRODUCTION

Elastomeric Infusion Pump

General infusion, antibiotic delivery, chemotherapy or pain management, in a healthcare facility or at home. Single use.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	CBI and PCA types · single, 4 and 15 flow rates · 50 to 300 ml
PRINCIPAL MATERIALS	ABS male luer lock · ABS, PP and PVC flow-rate controller · ABS and membrane fluid filter · ABS and PP medication reservoir · PP support pipe · PVC tube
UNIT PACK	On request
BRAND	VIREXA, or your own

VP107B IN PRODUCTION

Infusion Intravenous Set with Flow Regulator

Intravenous administration with precision flow control for consistent delivery.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	As the premium set, with an ABS and TPE flow regulator
UNIT PACK	On request
BRAND	VIREXA, or your own

VP204 IN PRODUCTION

Priming Set — Intravenous Infusion

Priming of an intravenous infusion line before administration.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · 16 mm PVC drip chamber · ABS vented spike, clamp and roller · PVC air vent cap · air filter membrane
UNIT PACK	On request
BRAND	VIREXA, or your own

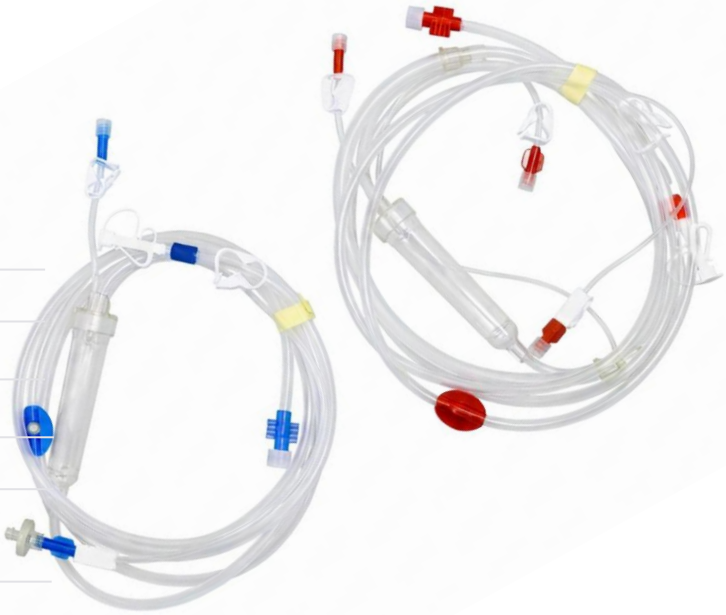

Nephrology and dialysis

5 DEVICES · CLASS B STERILE

VP201 IN PRODUCTION

Haemodialysis Blood Tubing Set

Acute and chronic haemodialysis therapy in kidney dialysis or renal failure.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	With transducer protector · post-dialysis · With transducer protector and priming IV set
PRINCIPAL MATERIALS	Latex-free rubber plug · PVC drip chamber · colour-coded PVC T-injection sites · PP pinch clamps · ABS luer locks · PVC pump segment connectors · PVC din connectors
UNIT PACK	On request
BRAND	VIREXA, or your own

VP202 IN PRODUCTION

AV (Arteriovenous) Fistula Needle Set

Connects blood lines to the blood vessel through a needle when dialysis is carried out via an internal fistula. Flexible butterfly wings identify the needle size.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	15G · 16G · 17G
PRINCIPAL MATERIALS	PVC flexible rotating wing with ABS inner part · SS-304 needle · PP needle cover · PVC tubing · Delrin pinch clamp · ABS female luer lock
UNIT PACK	On request
BRAND	VIREXA, or your own

VP203 IN PRODUCTION

Transducer Protector

Keeps the blood side of the haemodialysis circuit separated from the machine side and prevents contamination of the machine.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	ABS female luer part · ABS male luer part · hydrophobic filter membrane
UNIT PACK	On request
BRAND	VIREXA, or your own

VP205 IN PRODUCTION

Peritoneal Dialysis Transfusion Set

Administration of dialysis solutions during peritoneal dialysis, allowing solution to flow into and out of the peritoneal cavity.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · 16 mm PVC drip chamber · ABS vented spike · PVC air vent cap · air filter membrane · PVC Y-junction
UNIT PACK	On request
BRAND	VIREXA, or your own

NEPHROLOGY & DIALYSIS

VP206 IN PRODUCTION

Haemodialysis Catheter Set

Exchanges blood to and from the haemodialysis machine.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	Single, double and triple lumen · 6.5 to 12 Fr · 13 to 20 cm
PRINCIPAL MATERIALS	Nitinol guide wire · PU single, double and triple lumen tubing · PE and PU vessel dilator · SS and PC introducer needles · ABS cannula clamp · silicone plug · PP catheter holder
UNIT PACK	On request
BRAND	VIREXA, or your own

Lines and accessories

4 DEVICES · CLASS B STERILE

VP103A

IN PRODUCTION

Extension Line

Single-use extension used as part of an infusion or perfusion system.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	Male luer lock · male luer lock cap · PVC tube · female luer lock and cap
UNIT PACK	On request
BRAND	VIREXA, or your own

LINES & ACCESSORIES

VP103B

IN PRODUCTION

Extension Line with Flow Regulator

Extension line offering precision care and consistent delivery as part of an infusion system.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	ABS male luer lock · PP cap · PVC tube · ABS female luer lock · ABS and TPE flow regulator
UNIT PACK	On request
BRAND	VIREXA, or your own

VP103C

IN PRODUCTION

Extension Line with Three-Way Stopcock

Fluid flow directional control, providing an access port for administration of solution, withdrawal of fluid and pressure monitoring.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF LIFE	3 years
PRINCIPAL MATERIALS	ABS three-way connector · PP three-way regulator · ABS rotating luer lock · LD caps · PVC tube · ABS male luer lock
UNIT PACK	On request
BRAND	VIREXA, or your own

VP104

IN PRODUCTION

PVC-Free Extension Line

Single-use extension for infusion and perfusion systems where a PVC-free fluid path is required.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	ABS male luer lock · PP cap · PE tube · PP female luer lock cap · ABS female luer lock
UNIT PACK	On request
BRAND	VIREXA, or your own

Oncology

3 DEVICES · CLASS B STERILE

VP107A

IN PRODUCTION

Chemotherapy Infusion Set

Administration of fluids from a container into the patient's vascular system, offering precision care and consistent delivery.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	PP spike cover · 16 mm PVC drip chamber · ABS vented spike, clamp and roller · nylon mesh and PP fluid filter · PVC air vent cap · air filter membrane
UNIT PACK	On request
BRAND	VIREXA, or your own

VP108

IN PRODUCTION

Chemotherapy Extension Line with Flow Regulator

Extension line offering precision care and consistent delivery in chemotherapy administration.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
PRINCIPAL MATERIALS	ABS male luer lock · PP cap · PVC tube · ABS female luer lock · ABS and TPE flow regulator
UNIT PACK	On request
BRAND	VIREXA, or your own

VP109 IN PRODUCTION

Chemotherapy Extension Line Set

Single-use extension used as part of an infusion or perfusion system for chemotherapy.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF LIFE	3 years
PRINCIPAL MATERIALS	ABS male luer lock · PP cap · PVC tube · PP female luer lock cap · ABS female luer lock
UNIT PACK	On request
BRAND	VIREXA, or your own

Critical care and monitoring

2 DEVICES · CLASS B STERILE

VP102 IN PRODUCTION

Pressure Monitoring Line

High-pressure monitoring and connection between syringe and infusion pump, and channelling fluid for intravenous infusion.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	Male-to-female and male-to-male, 10 to 200 cm · spiral and straight · single and double check valve · Y-connecting · PE line to 400 cm
PRINCIPAL MATERIALS	PP female luer lock cap · ABS female luer lock · ABS male luer lock · PP male luer lock cap · PVC, PU, PE and LDPE tube
UNIT PACK	On request
BRAND	VIREXA, or your own

VP303 IN PRODUCTION

Disposable Pressure Transducer Kit

Invasive pressure monitoring as part of a patient monitoring system.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF LIFE	3 years
VARIANTS	A-type and E-type · one-way and two-way
PRINCIPAL MATERIALS	Endorsed onto the licence 25 May 2026. Full material list on request.
UNIT PACK	On request
BRAND	VIREXA, or your own

Cardiac surgery

1 DEVICE · CLASS B STERILE

VP301 IN PRODUCTION

Cardioplegia Adapters

Connect to the arc or vessel cannulae for delivery of cardioplegia solution or venting of the heart during cardiopulmonary bypass.

RISK CLASS	Class B · India MDR 2017
STERILITY	Supplied sterile · single use
STERILISATION	On request
SHELF-LIFE	3 years
VARIANTS	Straight, Y-type and Y-type with luer lock · 1/4 in to 1/2 in
PRINCIPAL MATERIALS	ABS straight connectors 1/4, 3/8 and 1/2 in · ABS Y-connectors · ABS Y-connectors with luer lock · ABS step-down straight connectors
UNIT PACK	On request
BRAND	VIREXA, or your own

COMMON TO EVERY DEVICE IN THIS CATALOGUE

One licence, one file, one set of rules.

Nothing in this catalogue is sourced and rebadged. Each device is designed, tooled, moulded, assembled, sterilised and released inside our own quality system.

REGULATORY

LICENCE	MFG/MD/2026/000078

WHERE THESE DEVICES ARE SUPPLIED

India — now

Full domestic supply to hospitals, distributors and OEM partners under our own licence.

Tooling s components — worldwide

Moulds and non-regulated components ship anywhere today.

Regulated exports — next

CE marking and FDA registration are on the roadmap, not yet held. We will say so on the first call.

PACKING, ORDERING AND SUPPLY

How to order.

Quote the product code. For a device with variants, add the variant. We confirm availability and lead time within one working day.

PACKING

PRIMARY PACK	On request
UNIT PACK QTY	On request
CARTON QTY	On request
CARTON DIMENSIONS	On request
LABELLING	On request

COMMERCIAL

MINIMUM ORDER	On request
LEAD TIME, STOCK	On request
LEAD TIME, PRIVATE LABEL	On request
HSN CODE	On request
PAYMENT TERMS	On request

SUPPLIED WITH THE GOODS

BATCH RECORD	Yes
RELEASE RECORD	Yes
CERTIFICATE OF ANALYSIS	On request
STERILISATION CERTIFICATE	On request
INSPECTION REPORTS	On request

Packing, lead-time and commercial figures are confirmed per enquiry, because they depend on variant, volume and whether the device ships under VIREXA or your own brand.

FOUR THINGS THAT GET YOU A REAL ANSWER

01
Product codes and variants.

02
Annual volume, even as a range.

03
VIREXA brand, or your own.

04
Delivery location and date.

OEM · LOAN LICENCE · TURNKEY

Every device here can carry your name instead.

These devices are already licensed, tooled and documented on our line. Putting your brand on them is a commercial decision, not a development project.

01 · OUR LICENCE, YOUR BRAND

OEM manufacture

We manufacture and release under MFG/MD/2026/000078; the pack carries your brand. Fastest route to a range of your own.

02 · YOUR LICENCE, OUR PLANT

Loan licence

You hold the licence and the brand; we hold the premises, the cleanrooms and the quality system. Another company already manufactures here this way.

03 · YOUR DEVICE

Turnkey development

A device not in this catalogue: we take it from feasibility through tooling, validation and technical file to released product.

We already do, under our own name, what you would ask us to do under yours.

Twenty-six devices inspected, licensed and endorsed before any partner asked us to prove it.

Vidhata Life

AN SBU OF VIDHATA PLASTICS

Tell us the codes.

We confirm availability, pack configuration and lead time within one working day — from the people who make the device.
